Step 3:

Once you are logged in to your SHARE secure messaging you will need to toggle over at the top of the page to the Virtual Health Record (Mirth Results). Once you are in the Virtual Health Record you will need to look up the patient by last name and date of birth that you received the Daily Report so that you can bring up the patients' recent discharge summary:

The screenshot shows the SHARE Mirth Results search interface. At the top, there are navigation tabs: "Provider Directory", "Mirth Results" (highlighted with a blue arrow), and "Web Mail". The user is logged in as "Villines, Justin (jvillines)" and has a "Sign Out" option. The main content area is titled "Advanced Filter: Patients" and includes a "Search Type" section with radio buttons for "My Patients" and "All Patients". Below this is a "Search Requirements" section with a bullet point: "Last Name and Date of Birth". The "Reason For Search" section has a dropdown menu set to "Treatment". The "Demographic Search" section contains input fields for "Last Name*", "First Name", "Date of Birth*" (with a calendar icon), "Gender", "Street 1", "Street 2", "City", "State", "Country", and "ZIP Code". The "Identifier Search" section has input fields for "Patient Alias" and "Insurance Plan ID", and a "Phone Number" field. At the bottom, there is a "Results" section showing "100" results, a "Submit" button, and a "Cancel" button.

Step 4: Once you have accessed your patient you will need to look for the hospital encounter date from the recent 24 Hour Daily Report that you received as seen below:

The screenshot shows the SHARE patient summary page for Paul A. Sharetest1. The page includes a navigation menu on the left with options like 'Back to List', 'Download Summary PDF', and 'Share Summary'. The main content area displays patient information and several data tables. A blue arrow points to the 'Ambulatory Encounters (0)' table.

Date	Admission Type	Source
05/20/2016		UAMS
05/12/2015	Elective	BRMC

When you have found the encounter, click on that encounter and it will take you to the hospital discharge (ER Visit/Inpatient Encounter Discharge), see below.

The screenshot shows the SHARE inpatient encounter details page for Paul A. Sharetest1. The page displays a detailed view of the encounter, including patient information, encounter summary, associated providers, source information, and conditions. A blue arrow points to the 'Inpatient Encounters' window.

Name	Type	Date	Details
ACCIDENT NOS	Diagnosis		View Condition Details
TEAR MENISCUS NEC-CURREN	Diagnosis		View Condition Details
TOBACCO USE DISORDER	Diagnosis		View Condition Details
OTHER CHRONIC PAIN	Diagnosis		View Condition Details
BACKACHE NOS	Diagnosis		View Condition Details
